The Board of Education or Board of School Estimate, as appropriate, may by resolution withdraw such funds from the maintenance reserve account and appropriate into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4.

- a. Funds withdrawn from the maintenance reserve account are restricted to required maintenance appropriations. The Board of Education or Board of School Estimate, as appropriate, shall not transfer such funds to any other line-item account.
  5. In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.
  6. The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education.
  7. The Board of Education shall ensure that the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.
- C. Supplementation of Capital Reserve and Maintenance Reserve Accounts
1. The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end for withdrawal in subsequent school years. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.
  2. The Board of Education or Board of School Estimate, as appropriate, may supplement a maintenance reserve account through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end, for withdrawal in subsequent school years. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.
- D. Establishment of Other Reserve Accounts
1. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution establish the following reserve accounts:

- a. Current Expense Emergency Reserve Account.
  - (1) The funds in the reserve shall be used to finance unanticipated general fund current expense costs required for T&E. For the purpose of the emergency reserve account "unanticipated" shall mean reasonably unforeseeable and shall not include additional costs caused by poor planning or error.
  - (2) The account shall not exceed \$250,000 or one percent of the school district's general fund budget as certified for taxes up to a maximum of \$1,000,000, whichever is greater.
  - (3) The Board of Education may appropriate funds to establish or supplement the reserve in the school district's annual budget or through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.
  - (4) Withdrawals from the reserve shall require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of four percent, for which the district did not receive an automatic adjustment for health care costs pursuant to N.J.A.C. 6A:23A-11.4. Total health care costs include medical insurance and prescription drug insurance costs.
- b. Debt service reserve account in the debt service fund for proceeds from the sale of school district property. For the purposes of the debt service reserve account "property" shall mean land, buildings, and other property that was incidental to the sale of land or a building. The funds in the reserve shall be used by the district first to reduce the outstanding principal amount at the earliest call date or to annually reduce the debt service principal payments. The funds may be used for any outstanding debt obligation or debt obligations of the school district. The reserve shall be liquidated within the lesser of five years from its inception or the remaining term on the obligations. Any remaining balance shall be used for tax relief.

- c. Tuition adjustment reserve account in the general fund for up to ten percent of the estimated tuition cost in the contract year for an anticipated tuition adjustment in the third year following the contract year. In such case, the Board of Education shall:
  - (1) Establish the tuition adjustment reserve account at June 30 by Board resolution;
  - (2) Make full appropriation of the reserve for the tuition adjustment in the third year following the contract year;
  - (3) Exclude from the cap calculation the budgeted fund balance and appropriation of the tuition adjustment reserve in the third year following the contract year for such tuition adjustments; and
  - (4) Transfer to the general fund, by Board resolution, any interest earned on the investments in a tuition adjustment reserve account on an annual basis. Such transfer may be made on a more frequent basis at the discretion of the Board of Education.
  
- E. Reserve Accounts Recorded in Accordance with GAAP
  - 1. All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.
