

2462 TRANSITION TO HIGH SCHOOL/CLASSIFIED PUPILS

The Rumson Child Study Team, parents and representatives of the Rumson-Fair Haven Regional Child Study Team will meet each spring to discuss the pupil's eighth grade year prior to their transition to the Rumson-Fair Haven Regional High School.

During this meeting, a decision regarding pupil placement will be made with special emphasis placed on their high school graduation requirements, including Statewide testing, attendance, curriculum, credit hours and local requirements.

Any exemptions or modifications of the above components will be addressed with the basic plan for the pupils' IEP. This document will then become the responsibility of the high school to review or revise during the pupils' academic program.

Adopted: 28 November 2012
