**CHAIN OF COMMUNICATION (Policy #9130)**

Parents are valuable partners in the education process. Many parent and community questions are easily and completely answered by communicating directly with the educator in charge of the class or program. To assist in working with parents and community members, and in accordance with Rumson Board of Education Policy #9130, a “chain of communication” has been established to model where to begin the communication sequence regarding a problem or concern.

District staff members will make a concerted effort to field all parent inquires within a 24 hour time period unless otherwise informed. Parents are advised to contact their child’s teacher(s) via voice mail and / or email when a question or concern arises. Please note that staff members are not permitted to contact parents during instructional time and; thereby, may not get back to you immediately during the school day. Staff members are also not expected to check voice mail or email during the evenings, school holidays, or weekends. In the event of an emergency during the school day, please contact the Main Office, where you can leave a message that will be delivered to the teacher.

Should your child’s teacher(s) not be able to assist in answering your question or addressing your concern satisfactorily, please follow the “chain of communication” denoted in the following chart. The chart also serves as a resource to parents and community members regarding communications with various departments for specific concerns or questions.

**Student Code of Conduct (Policy #5600)**

**Expectations for Pupil Conduct (Policy #5500)**

The school environment is a safe and positive place to learn when everyone cooperates and works together. This atmosphere is prevalent when everyone knows the expectations and takes an active role in following and enforcing them. The district’s professional and support staff understand their role as appropriated models for their students. Students are expected to be responsible for their own actions and ultimately for their school
experience. When students, parents, teachers, and administrators all work together, a strong sense of school culture is developed, and everyone can grow and experience success. Self-discipline is the ultimate goal.

With these thoughts in mind, the Student Code of Conduct has been developed with input from students, parents, staff, and board members has been considered in the construction of this behavioral statement. This will be reviewed on a yearly basis and revised and updated as necessary.

Rumson Student Expectations

As responsible, respectful and ready Rumson students we...

| All                  | • Encourage others to cooperate with school expectations by being an upstander.  
|                      | • Use appropriate language.  
|                      | • Demonstrate kindness and tolerance toward others.  
|                      | • Listen to and show respect for all adults.  
|                      | • Practice habits to ignite our greatest potential through academic behaviors and social skills.  
| Classroom            | • Are on time and prepared.  
|                      | • Follow directions as given.  
|                      | • Respect the ideas and personal space of others.  
|                      | • Honor one’s self and work, as well as the role of others, as speaker and listener.  
|                      | • Take care of all classroom materials and bring only necessary items.  
| Hallway              | • Use quiet voices.  
|                      | • Walk with a purpose on the right side of the hall.  
|                      | • Maintain lockers.  
|                      | • Keep hands and feet to self.  
| Cafeteria/Playground | • Clean up after ourselves.  
|                      | • Care for our surroundings and materials; keep food items in Cafeteria.  
|                      | • Follow dismissal and arrival procedures.  
|                      | • Use all equipment safely.  

**Discipline Strategies/Disruptive Pupils (POLICY #5560)**

Teachers and administration will determine and use a variety of approaches to deal with disciplinary situations. Corporal punishment by any staff member in any form is strictly forbidden. Teachers are required to treat each student with courtesy, respect, and with an understanding of individual needs. In many instances, the classroom teacher handles discipline. An administrator has the authority to become involved in disciplinary situations at any point in which he/she feels that it is appropriate.

Teachers are required to develop classroom expectations that support the Rumson School District Expectations for students and to share and review them with their students during the initial days of school each year. Teachers should also review them periodically for reinforcement. One or more members of the administrative team may handle major infractions of the Student Code of Conduct. Some of the strategies are listed below. This is not a comprehensive list.

1. Student-teacher conference
2. Parent-teacher contact via student incident report, telephone, or conference
3. Student-teacher-administrator conference
4. Behavioral contract / time out / work tasks
5. Teacher detention
6. Administrative restrictions
7. Loss of certain school privileges, such as field trips, school events, or extracurricular activities
8. Central detention (assigned by an administrator)
9. Suspension (In-school or Out-of-school)
10. Expulsion
11. Financial reimbursement for damages caused by a student
12. Reimbursement of expenses incurred in removing student from an out-of-district school function

When administrative restrictions are imposed by an administrator, pupils will be separated from peers and receive their appropriate instruction in a designated location with appropriate supervision. At the discretion of administration they may be permitted to attend some special subject classes with administrative approval.

Parents/guardians are to receive notice, by either a detention assignment slip or telephone call, one school day in advance when an after-school detention is assigned. When unique circumstances prevail, an administrator may contact the parent/guardian to see if this notice can be waived and the detention held the same day. In some instances, where the safety of students must be considered, students will be held by administration rather than dismissed and parents will be contacted. An administrator may assign a student a “central detention” that occurs before school, from 8:00 – 8:30 AM or after school, from 3:05 - 3:35.. **Students must attend a central detention regardless of their extra-curricular or after-school commitments.**

**It is the responsibility of the individual student to make all necessary arrangements to meet the obligations of the after-school detention.** On days where detentions and suspensions occur, students may not participate in any extracurricular activities occurring in that same day. Detention is to be served on the day(s) assigned unless a medical appointment or religious obligation is scheduled. Parents must notify an administrator if a delay is requested for these reasons.
**Disciplinary Issues and Consequences**

While each infraction of the Student Code of Conduct will be reviewed on an individual basis, it is important that both students and their parents/legal guardians know the consequences for behaviors that are not appropriate. All disciplinary consequences, are intended to be reflective and restorative in nature.

The following illustrate the disciplinary categories with specific consequences and restorative measures:

LEVEL 3 BEHAVIOR & LEVEL 4

Classroom and Support Team Interventions and Responses. If a student is removed from the learning environment, teacher/staff are expected to:

- Student/Teacher conference
- Restorative conference
- Collect progress monitoring data about the behavior and interventions tried

*Initiate a student-centered discussion about the incident (and Repair, Restore and Re-teach expectations)

*Create, implement and monitor a transition plan for student returning to the classroom, with support

Intensive Administrative Level and Support Team Interventions and Responses. These interventions and responses may include removing the student from the classroom or school environment because of the seriousness of the demonstrated behavior. The duration of the removal from the learning environment is to be limited as much as possible while still adequately addressing the seriousness of the behavior.

- Mediated conflict resolution conference
- Referral to school-based counselor
- Restitution plan
- Administrative and/or support team conference

*Informal conference with principal and student
*Revisit BIP
*Referral to CST/I&RS
*Develop Functional Behavior Assessment and Behavior Intervention Plan

*For grades 3-5, principal must immediately provide written notification to the Superintendent’s Designee upon suspension

Additional Information about the code of conduct:

- For all target behavioral infractions, the administration may deliver additional consequences as appropriate such as student/parent conference, time out, detention or suspension.
- Any time a detention/suspension is issued, the student may not participate in extra/co-curricular activities on the date/day of the given consequence.
- All target behavioral infractions are tracked by incident by our grade level team not by individual courses/teachers and continued behavioral infractions beyond Level 3/4 will result in a Code of Conduct Behavioral Action Plan at the discretion of the administration.
- All student behavioral infractions will be recorded in our student information system, Genesis.
- All target behavioral infractions that occur in the hallway, cafeteria/recess will be reported to the MO via paper form to be provided.
- Offenses of severe nature may result in a direct referral to MO.

Since these are new practices to our district, we will be spending a lot of time providing professional development for staff and working with students to model, teach and practice what is expected of a responsible, respectful and ready Rumson student. There will be opportunities for parents to be part of these discussions and information will be disseminated through mailings and parent academies during the 2017-2018 school year.

AUI Policy #2361
& ECRD Policy # 5516)

**In-school and Out-of-school Suspension (POLICY #5610)**

When possible and appropriate, a student will serve in-school suspension within the school environment in a restricted area apart from the general school population. The student serving in-school suspension will accomplish his/her academic work but will not attend classes with other students nor will he/she be permitted to participate in or attend any school functions until the period of suspension is completed. All disciplinary consequences, including suspensions, are intended to be reflective and restorative in nature.

In instances of out-of-school suspension, the parent/guardian will be responsible for the supervision of the student until the period of suspension is completed. Depending upon the circumstances at the time of suspension, academic work may be collected for the suspended student and arrangements may be made for the parent/guardian to pick up this work for the child.

**ACCEPTABLE USE OF INTERNET (Policy #2361)**

Individual users of the district electronic communication system are responsible for their behavior and communication when using the system. Students as well as staff members will be required to sign the “Acceptable Use Policy” form. Users should have no expectation of privacy regarding files or E-mail.

Improper usage includes, but is not limited to, the following:

- Intentionally wasting limited resources
- Employing the network for commercial or political purposes

**Sanctions:**
1. Violations may result in a loss of access.
2. Additional disciplinary action may be determined by the administration in accordance with existing policy regarding inappropriate behavior.
3. When applicable, law enforcement agencies may be involved.
Photographs or any other identifying information will not be publicized on the Internet or other networks without parental permission.

**ACCIDENT AND STUDENT INSURANCE (Policy #8442)**

Every attempt is made to prevent accidents. If a student is injured, he/she must report the injury immediately to the teacher or aide in charge. The school nurse will be notified and is responsible for all accident reports.

Student accident insurance is provided by the Board of Education during school hours. This is secondary to any family insurance coverage. NJ FamilyCare provides free or low cost health insurance for uninsured children and certain low income parents. **AFFIRMATIVE ACTION**

Rumson Schools ensures access to all schools, facilities, programs, activities, and benefits for all students, regardless of race, creed, color, national origin, ancestry, affectional or sexual orientation, gender, religion, disability or socioeconomic status.

Programs and activities are operated in compliance with Title VI of the Civil Rights Act of 1964 (Title VI, 100.4), Title IX of the Education Amendments of 1972 (Title IX, 106.4), Section 504 of the Rehabilitation Act of 1973 (Section 504, 104.5), Family Educational Rights and Privacy Act (FERPA) for Elementary and Secondary Schools, and Protection of Pupil Rights Amendment (PPRA).

State and federal statutes and regulations prohibit school districts from discriminatory practices in employment or educational opportunity against any person by reason of race, color, national origin, ancestry, age, sex, gender identity or expression, affectional or sexual orientation, marital status, domestic partnership status, familial status, liability for service in the Armed Forces of the United States, disability, nationality, atypical hereditary cellular or blood trait of any individual, genetic information, or refusal to submit to a genetic test or make the results of a genetic test known, in employment or in educational opportunities. Further state and federal protection is extended on account of disabilities, social or economic status, pregnancy, childbirth, pregnancy-related disabilities, actual or potential parenthood, or family status.
ATTENDANCE (REGULATION 5200)

Frequent absences and tardiness from regularly scheduled classes disrupt the learning process and prevent a student from receiving the maximum benefits of the district’s educational program. Therefore, to acquire a thorough and efficient education, each enrolled student is responsible for being in class every day, every period unless legally absent. Furthermore, the state of NJ evaluates districts in the area of career and college readiness, which is directly related to students’ attendance and tardiness. In conjunction with district policy, the Principal will send attendance letters with suggested Action Plans for accrued absences, regardless of whether these are deemed excused or as a result of illness. These are sent monthly based upon the ratio of pupil absences to total school days to date, in excess of 10%. (i.e. After 100 days of school attended, pupils with 10 or more absences will receive aforementioned letter.)

When a student is absent from school, he/she must bring upon his/her return, a note from a parent or guardian to the main office explaining the reason for the absence and the dates of the absence. Permissible absences are for personal illness, death in the immediate family, religious holiday, or court mandated appearance. A student who is absent may not participate in an extracurricular activity on that day. Under certain circumstances, an exception may be necessary for an excused absence, however, eligibility to participate on that day is left to the discretion of the principal.

Excused Absences: Regulation #5200

The NJDOE regulation under NJSA18:A 36-14-15-16 requires all absences except the following to be reported as unexcused for school accountability measures only:

a) Religious observance
b) Take Your Child to Work Day
c) College visitation for selection purposes

1. “Excused absence” is a pupil’s absence from school for a full day or a portion of a day for one or more of the following reasons:

   a. The pupil’s illness
   b. Family illness or death
   c. Educational opportunities
   d. Excused religious observances
   e. Where appropriate, when consistent with the Individual Education Programs, the Individuals With Disabilities Act, accommodation plans under 29 U.S.C 794 and 705 (20), and individualized healthcare plans pursuant to N.J.A.C. 6A:16-2.3
   f. The pupil’s suspension from school
   g. The pupil’s required attendance in court
   h. Interview with a prospective employer or with an admission officer of an institution of higher education
i. Examination for a driver’s license
j. Necessary and unavoidable medical or dental appointment that cannot be scheduled at a time other than the school day,

2. For cumulative unexcused absences of ten or more, the pupil between the ages of six and sixteen is truant, pursuant to N.J.S.A. 18A:38-27, and the Building Principal or designee shall:

a. Make a mandatory referral to the court program required by the New Jersey Administrative Office of the Courts;
b. Make a responsible attempt to notify the pupil’s parent or legal guardian of the mandatory referral;
c. Continue to consult with the parent and legal guardian and the involved agencies to support the pupil’s return to school and regular attendance;
d. Cooperate with the law enforcement and other authorities and agencies, as appropriate; and
e. Proceed in accordance with the N.J.S.A. 18A:38-28 through 31, Article 3B, Compelling Attendance at School, and other applicable State and Federal statutes, as required.

Reporting Student Absences
Parents are requested to call 842-0383 option 1 for Forrestdale and 842-0330, option 1 in Deane-Porter, prior to **8:15 AM**, to report that their child will not be present for the day. Calls will then be made to the homes of those absenteeees for whom the school has not received notification. The system is instituted to ensure that all students have arrived at school safely and that the child has not experienced a mishap between the time the child left home and the time he/she should have arrived at school. Also, this procedure will serve to minimize the possibility of students being truant. We urge your cooperation in this regard for the safety and well-being of all children in the district. Please do not leave requests for homework on the attendance line.

Tardiness
Students who arrive at school after **8:37 AM**, must report to the main office to sign in late. A doctor’s note is required for the tardy to be counted as excused. On the third and all subsequent lates to school in a marking period, a central detention will be assigned (Grades 6 – 8 only). If the tardiness continues, other actions will be considered.

Entering & Leaving School
Students should not arrive at the school before **8:25 AM** and must not remain after 3:05 PM, unless under the direct supervision of a teacher, or as a spectator at an interscholastic event. Students will not be allowed to enter the building until **8:25 AM** at which time they may report to a central location until homeroom begins at 8:30 AM. In cases where arrangements have been made for a student to be with a teacher prior to the start of the school day, the student must enter the teacher’s classroom through the classroom’s outside door. Forrestdale students must enter through the Main Lobby Entrance if reporting to school early for the Library or an extracurricular activity. Deane-Porter students should enter through the Main Entrance for all before school activities.
A student may not leave the school grounds between 8:30 AM and 3:05 PM unless he/she submits a parental note for early dismissal. The student must present their early dismissal note in the main office at the start of the school day so a pass can be issued for early dismissal. This note should include the time of dismissal, the reason for early dismissal, and the adult who will be picking up and signing out the student, as well as this person’s relation to the child. The adult may be asked to show picture identification. The student must sign out before leaving the school grounds. The adult who is picking up the student must come into the main office in order to collect the child.

Parents who establish medical appointments after the student is already at school should call the main office to arrange for orderly early dismissal of the student. Please do not leave messages about early dismissal on faculty voicemail or e-mail.

**AFFIRMATIVE ACTION NOTICE (Policy #2260 & Policy #5750, Policy 1510, Policy 1140)**

**ALLERGIES (POLICY #5331)**

The Board of Education recognizes that pupils may have allergies to certain foods that may be life-threatening, and has developed a policy (5331-Management of Life Threatening Allergies in Schools) to provide guidance to school personnel and parents. Because of the increasing number of students in our schools with severe allergies to certain foods, we have to continuously examine our procedures for providing food in school. In some cases it has been necessary to curtail the serving of snacks and foods for celebrations. In other cases, we have been able to work with parents to provide snacks that are safe for ALL of the children in the classroom. Your child’s teacher will notify you if there are severe allergies in their classroom.

**ARRIVAL/DISMISSAL: DEANE-PORTER (Policy #8220)**

**POLICY #8601)**

*Unless they are involved in a club or activity, students may not enter Deane-Porter School until 8:25 AM.*

Front Door Arrival/Dismissal:
Buses will park on Blackpoint Road and dismiss students curbside.

**ROLLING CAR LINE**: Drop-off/pick-up must be done within the traffic pattern in the parking lot in front of Deane-Porter School. Automobiles are to pass to the left of the buses. As they enter the parking lot they are to stay to the right, pulling past the line up only to park. Children are to be met by the car at the end of the overhang where the children are waiting with an adult. Children are not to walk down the walkway to meet their driver, and drivers are not to leave their cars. No child will be allowed to cross into the parking lot and all
children must enter their cars on the passenger side. Parents choosing this option must remain in their car in an effort to expedite arrival/dismissal procedures.

Backdoor Arrival / Dismissal:
All students may be dropped off and picked up on Narumson as well. Parents of Deane Porter students must sign out their child with the designated teacher at dismissal time. Forrestdale students may be dropped off in the 4th Grade Loop of Forrestdale School.

Prior to the start of the school year, we ask that you fill in a Dismissal Procedures Form for students in grades K-5. After the form has been submitted, please note that all changes must be made in writing along with the date and a signature. Emergency changes only may be made by phone call to the main office prior to 2:30PM, as teachers may not have an opportunity to check email while teaching during the day. Your cooperation with the above procedures helps to provide a safe and orderly dismissal. In order to expedite dismissal procedures and ensure the safety of our children, please make sure your child(ren) refrain from playing on the playground equipment until all of the students have been dismissed.

Please note that the Forrestdale Parking lot, by the basketball courts, is closed off at 8:25 AM until 8:50 AM during arrival and will be closed from 3:00 PM until all buses have departed at approximately 3:15 PM. For the safety of all students, you may not enter or leave this FD parking lot when buses are present:

  Morning - 8:25 AM until 9:00 AM
  Afternoon - 3:00 PM until 3:15 PM

For the safety of your child, it is important to establish a normal dismissal routine, as well as practice biking or walking the safest route to school with your child in advance.

A few notes about safety during arrival and dismissal
In order to provide a safer arrival and dismissal process for the DP community, please be mindful of the following:

- Be aware of your surroundings as you enter and leave the parking lot during rolling car line dismissal. Stay off of your cell phone!

- Parents may not park in the DP parking lot before 8:50 AM or after 2:45 PM to pick up or drop off children to school.

- Do not park in the designated police space (located at the bend in the parking lot), handicapped space, or in the alcove by the Deane-Porter cafeteria.

- Do not park on Blackpoint Road unless in the painted spots in front of Forrestdale.

- Do not park on the grass in front of the RFH field across from the school.

- Never drop off/pick up your child in the bus lane….even if the buses have left.
• Students and parents may not walk through the parking lot during the arrival or dismissal of students. If you are walking to your car, which should be parked on the street and not in the DP parking lot, or to your house, you need to stay on the sidewalks and cross at the designated crosswalks.

• The rolling car line is meant to be a continuous process. Parents choosing this option must remain in their car in an effort to expedite this procedure. Students should be able to open and close the car door on their own. Students must enter/exit through the passenger side of the car.

The following dismissal options exist:

**ROLLING CAR LINE:** Drop-off/pick-up must be done within the traffic pattern in the parking lot in front of Deane-Porter School. Automobiles are to pass to the left of the buses. As they enter the parking lot they are to stay to the right, pulling past the line up only to park. Children are to be met by the car at the end of the overhang where the children are waiting with an adult. Children are not to walk down the walkway to meet their driver, and drivers are not to leave their cars. No child will be allowed to cross into the parking lot and all children must enter their cars on the passenger side. Parents choosing this option must remain in their car in an effort to expedite arrival/dismissal procedures.

**BUS:** No child is allowed to ride home on any other school bus than the one to which he/she is assigned. If a child is going home with another student for the afternoon both parents should arrange the transportation for both students.

**NARUMSON DISMISSAL/Back door:** Dismissal for all walkers/bikers and any parent wishing to park and meet children. Unless a note has been provided, students may not be dismissed with another child’s parent / guardian or sibling. If a parent wishes to have their older FD student pick up their younger DP sibling, then a note must be presented in advance and the parent should consider the level of maturity and responsibility of the older sibling.

Please review this protocol with your child/children:

• Students may not be dismissed until parents come to pick up their child from the designated area. This is to ensure that all students are accounted for and that they all have a safe way to get home.

• Please make sure that your child(ren) and younger siblings refrain from playing on the playground equipment until 3:15 PM. Parents are responsible for their child(ren) playing on the playground equipment.

• Students will not be dismissed to parked cars on Narumson Street or escorted to the street.
  o Students will line up in the designated areas as follows:
    o All Kindergarten students and students in 2W (Ms. Watt’s class) will line up on the basketball courts.
    o Grade 3 students will line up on the ramp between the playground and building.
    o Students in Grade 2 (with the exception of 2W, Ms. Watt’s class) will line up on the large concrete section outside of Mrs. Albrizio’s room.
Students in Grade 1 will line up on the back pathway near where it splits into two directions.

**Automobiles**

Cars may discharge or pick up passengers in the front of the school only from curbside in a single lane, and only from the passenger side. A center lane for through traffic must be kept open. No double parking will be permitted. Please do not leave an unattended car in the driveway. **Cars may not enter through the exit at any time!** Please drive carefully while entering and exiting the parking lot. *Always watch for pedestrians and stay off your cell phone!*

**Walkers/Bikers/Scooters**

**WALKERS:**

Make sure your child has a safe route before allowing him/her to walk to school. Also:

- Consider whether your child has the skills necessary to walk safely to school. Can he stay alert to the dangers of traffic? Can she stay focused on getting to school without getting distracted and delayed?
- Walk the route yourself before taking your child along. Be sure that the route she will take offers good visibility, is relatively free of hazards, has plenty of pedestrian room at a safe distance from traffic, and involves no dangerous crossings.
- Make sure there are well-trained crossing guards at every intersection your child must cross.
- Consider available daylight when your child will be walking. Regardless of visibility, be sure your child is wearing brightly colored clothing.
- If extremely hot or cold weather or bad weather conditions are a concern, have a backup transportation plan. For hot days, pack a water bottle for your child to take with him. For cold days, make sure she’s wearing warm clothing.
- See if there are other neighborhood children your child can walk with. There is safety in numbers.

**BIKERS:**

As with walking, riding a bicycle to school offers wonderful health benefits for your child. Cycling to school is another way that you can share the trip to school and good exercise with your child, as well.

In addition to being exposed to traffic, bicycles present some specific safety concerns. But taking basic safety steps can help lessen the risks that bicycles present to students who ride them to school.

- A bicycle helmet is a must. Make sure your child always wears one to ride a bicycle, no matter how short the ride may be. The helmet should be approved by the Consumer Product Safety Commission.
- Brightly colored clothing helps drivers see cyclists more clearly. Be sure your child’s clothing makes him/her more visible.
- Children should only be allowed to ride when there is plenty of daylight. Riding at dusk or at night should never be allowed.
- Young children (up to age 9) should only ride with adult supervision, and never on the street.
- Use your judgment about allowing older children to ride in traffic, depending on how heavy road traffic is where they’ll be riding; how mature the children are; and how able they are to follow the rules of the road.
● All bicycle riders should follow the basic rules of the road:
  o Ride with traffic.
  o Stop and look both ways before entering the street.
  o Stop at all intersections, whether marked or unmarked.
  o Before turning, use hand signals and look in every direction.
● Teach your children to check their bike’s condition on a routine basis. Tires, brakes, and seat and handlebar height should be checked annually.

Students are permitted to ride bikes to school; however, they must wear a helmet and secure their bikes in the racks with a lock. Students are reminded to walk their bikes through the parking lot, and to ride cautiously, as there is a good deal of traffic at 8:30 and 3:05.

SCOOTERS:
No scooters should be ridden on school property during dismissal for safety reasons.

BACKPACKS: FORRESTDALE
Our teachers strongly recommend a good-sized backpack for your child. Students in grades 4-6 must leave their backpacks in their homeroom classrooms at all times. All 7th and 8th grade students must leave their backpacks and cell phones in their lockers at all times.

BIRTHDAY INVITATIONS
Birthday invitations shall not be distributed in school unless the entire class receives them in K-5th, or the entire grade level in 6th – 8th grades.

BIRTHDAY RECOGNITION / CLASS CELEBRATIONS (POLICY # 8505)

The Rumson School District recognizes that birthdays are a special day for our students and families. We must also ensure that celebrations do not disrupt the learning process. In Rumson, student birthdays will be honored at school without food. Birthdays will be recognized in the classroom, but in lieu of food treats, if families wish to do something special, we suggest donating a small item to the class in honor of the child’s birthday (examples: game or book; but please inquire with your child’s teacher) or a book to the school library.

We will continue the current practice of bringing in commercially prepared food for classroom parties/celebrations, but encourage families to donate healthy food items instead of sweets. Please reference the USDA Nutrition Policies below for guidance regarding healthy options. Parents must first confer with the teacher regarding allergies before planning menus for class celebrations.

Students in predetermined grades are permitted to participate in the district BYOT (Bring Your Own Technology) initiative. This allows students to register, with parent permission form, an electronic device, such as a laptop, Ipad, Ipod, kindle, etc. with the Library Media Center. It is a privilege to participate in BYOT, and a student’s’ violation of the aforementioned Acceptable Use Policy, or classroom teacher’s expectations for the use of the mobile device may result in the loss of this privilege.

BUS CONDUCT
The following regulations apply to students riding buses:

1. The driver of the bus represents an extension of the authority of the school. The bus driver is to be considered the authority while students are on the bus and treated with the same respect due all other employees of the Board of Education.

2. When at the bus stop, students must wait for the bus to completely stop before advancing. While waiting for a bus, students should stay as far off the road as possible.

4. Students are required to wear seat belts while the bus is in motion.

5. Food, candy, and beverages are not permitted on the bus.

10. Parents should feel free to contact the Assistant Principal with any concerns regarding bus transportation.

CAFETERIA RULES – DEANE-PORTER & FORRESTDALE
Students may provide their own lunches or they may purchase lunches through the cafeteria lunch program. Milk is available for purchase as are snacks, and non-soda drinks. Outside vendors are NOT permitted to make deliveries.

**CHILD ABUSE & NEGLECT (R 8462)**

The law states that any person having reasonable cause to believe that a child has been subjected to child abuse or acts of child abuse. A concerned caller does not need proof to report an allegation of child abuse and can make the report anonymously.

The person shall report this information immediately to the Division of Child Protection and Permanency (formerly DYFS). Board policy also requires teachers to simultaneously report suspicions to the principal. (Rumson School District Policy # 8462) To report suspected abuse or neglect call the DCP&P hot line, 1-877-652-2873 (1-877-NJ-ABUSE)

When a report indicates that a child may be at risk, an investigator from the Division of Child Protection and Permanency (formerly Youth and Family Services) will promptly investigate the allegations of child abuse and neglect within 24 hours of receipt of the report.

In addition, Board policy requires that district employees “fully cooperate with the DCP&P in the investigation of child abuse and/or neglect cases.” This cooperation includes reporting suspected abuse, releasing pertinent records, and permitting DCP&P to physically view the child, interview the child in the presence of a school official, and interview school personnel who may have relevant information. State regulation allows all of the above activities to be conducted without the knowledge and/or consent of the parent or guardian. However, school officials shall maintain strict confidentiality throughout the investigative process.
Any person who, in good faith, makes a report of child abuse or neglect or testifies in a child abuse hearing resulting from such a report is immune from any criminal or civil liability as a result of such action. Calls can be placed to the hotline anonymously.

Any person who knowingly fails to report suspected abuse or neglect according to the law or to comply with the provisions of the law is a disorderly person.

CURRICULUM:

The Rumson School District continues its proud tradition of offering high quality curriculum which is designed to be engaging, rigorous and aligned with the standards and best practices. The office of Curriculum, Instruction and Assessment exists to ensure that the Rumson District curriculum continues to be relevant and engaging for our students. By statute, all New Jersey districts are required to evaluate, and if necessary, revise all district curricula every five years. At Rumson, we exceed this mandate by treating our curriculum as a living document, continually revising through a collaborative process to ensure we are meeting the needs of our students.

Our teachers are supported with sustained professional development opportunities designed to improve upon practices already in place. Additionally, participation in ongoing professional learning communities allows for discussion regarding curriculum and best practice of instruction. The greatest impact on our curriculum and student achievement comes from the dialogue between teachers within and across grade levels and subjects.
District- and state-wide assessment programs allow us to evaluate student performance and are used as some of many measures of success as a district. Multiple data points allow for us to constantly improve our practices and programs.

Rumson’s curriculum is continuously enhanced and revised as necessary to meet the needs of students. As these units are revised they will be be updated for public viewing.

HARASSMENT, INTIMIDATION AND BULLYING (Policy #5512)

As of September of 2011, the state of NJ adopted the HIB law that schools are mandated to enforce. Please refer to the district homepage or Forrestdale and Deane-Porter web pages for important information regarding this law, district policy, mechanisms for reporting etc. You may also contact our bullying specialists, Ms. Pearson, in Forrestdale and Mrs. Piernik, at Deane-Porter.

Therefore, certain rules contained in this handbook are also punishable under New Jersey State Law. In fact, in some circumstances, the school administration is required by law to report offenses to the police. Once an offense is reported to the police, or a complaint is signed by school personnel, the school will refer the student to the juvenile justice system seeking remedy.

In addition, a uniform State Memorandum of Agreement between the Rumson Schools and Law Enforcement Officials is also in place. This Memorandum of Agreement addresses areas such as controlled and dangerous substances, firearms, planned or threatened violence and other offenses.
HAZARDOUS SUBSTANCES

Notice of any construction or other activities involving the use of any hazardous substances will be posted near the central office of each school building. Hazardous substances may be stored at the school buildings.

HEALTH SERVICES/PHYSICALS

The school nurse provides vision, hearing, and scoliosis screenings to students in accordance with an approved schedule of administration. The State Department of Education and the Rumson Board of Education recommends that students in grades 2, 5 and 8 have a routine physical examination conducted by their private health care provider and the medical report submitted to the health office. If a student does not have a private health care provider (personal physician), the school physician, will conduct a physical at the parent/guardian’s request. Sports physicals are conducted one day prior to the onset of each sports season by the school physician for students wishing to participate in sports who do not have a personal physician to conduct the physical. Parents/guardians may choose to be present during any examination; however, the school nurse will be present during all examinations in lieu of a parent/guardian (N.J.S.A. 18A:40-5). If parents/guardians prefer, their doctor may conduct the physical and submit a copy of the medical report to the nurse.

In the event that a student is diagnosed with a contagious disease, he/she is not permitted to return to school until the doctor certifies in writing that the child is free of the disease. A copy of the certificate must be presented to the nurse.

Any student with crutches, casts, splints and/or slings must stay inside at recess unless the health care provider indicates they can go outside and/or participate in recess. If permitted to go outside, the health care provider must provide any activity restrictions. Students who cannot go outside for recess can go to the library or participate in other indoor lunch activities. Also, a physician’s note is required in order to allow students to use crutches in school.

Homeless Child’s Right to Education (McKinney-Vento Homeless Assistance Act) 
Policy # 5116

The McKinney-Vento Homeless Assistance Act is the federal law that entitles children who are homeless or highly mobile to a free, appropriate public education and requires schools to remove barriers to their enrollment, attendance, and success in school.

The guiding principle behind the federal law and local policies (Policy # 5116) for students facing homelessness is that schools should make every possible effort to help these students secure and maintain a stable educational setting with the same opportunities and services as other students.

Every school district is required to have a Homeless Liaison. Michael Snyder is the liaison for Rumson School District. All staff members have the responsibility to report a known or suspected case of homelessness to the
liaison so that the district can assist the family and implement proper procedures as required by state law under the McKinney-Vento Homeless Assistance Act.

Homeless is defined as individual who lacks a fixed, regular, and adequate residence which includes children who are sharing the housing of other persons due to loss of housing economic hardship, living in motels, hotels, trailer parks or campgrounds due to lack of adequate accommodations. Students are also considered homeless if living in a transitional or emergency shelter, abandoned in a hospital or awaiting foster care placement. Homeless also includes children living in cars, parks, or public spaces not designed as a regular sleeping quarter for human beings.

The Rumson School District is committed to providing quality education for all of its students. This includes providing additional assistance to those children who are experiencing homelessness. For additional information concerning the rights of students and parents of students in homeless situations or assistance in accessing transportation services, contact the district’s liaison for homeless students in the Guidance and Special Services Department.

**HOMEWORK POLICY (Policy #2330)**

Homework assignments are an educationally valuable tool acting as an extension of the instructional program of the school. Students who are going to be out for a number of days are encouraged to keep up with their schoolwork. On the second day of the absence, parents may contact the Main Office prior to 10:00 AM to request assignments. Parents may pick up all materials and books between 3:30 PM. and 4:00 PM in the main office.

Grade level teams may also establish a grade-specific Homework Policy. These will be distributed to students during the beginning of the school year and to parents on Back to School Night. Homework will be posted online as well. Homework is updated by staff members weekly; the most up to date assignments are encouraged to be written in students' planners.

Homework is to be purposeful, meaningful, and developmentally appropriate and is inclusive of all subject areas.

**HOMEWORK Regulation #2330:**

Teachers should observe the following guidelines for the introduction and assignment of homework. Time allotments include all aspects of the homework assignment—outside reading, research, drill work, and the like.
a. **Kindergarten**
   Home experiences related to classroom lessons should be assigned to pupils when appropriate.

b. **Grades 1, 2, and 3**
   Formal homework assignments should be introduced in grade one. Lessons should be geared to the needs and abilities of individual pupils. The amount of time allocated should increase through the grades from 10-30 minutes several times a week. This is not inclusive of reading and reading log activities.

c. **Grades 4 and 5**
   Homework should be regularly scheduled, should require no more than 40-50 minutes of preparation daily, and should be based on the needs and abilities of individual pupils. This is not inclusive of reading and reading log activities.

d. **Grades 6, 7, and 8**
   Homework should be regularly scheduled, should require no more than 60-80 minutes of preparation daily, and should be based on the needs and abilities of individual pupils. This is not inclusive of reading and reading log activities.

In departmentalized junior high or elementary grades, pupils’ total daily homework load and out-of-school responsibilities should be considered in determining the amount of homework to be assigned. Teachers on each grade level or team will meet once a week or as required to review time estimates of homework to be assigned.

Major tests that require substantial periods of study will be taken into consideration in determining the total estimated homework load.

Any student who becomes ill while in school is to ask the teacher or person in charge for a pass to see the nurse.
Should the nurse not be available, the student should report to the main office. Students are not permitted to
go home unless a parent or guardian has been notified by the school nurse or main office and students may not
text their parent from their cell phone to go home without seeing the nurse.
In the event a student is injured or taken ill during the school day, the nurse will contact the parent/guardian

they are successful. It is essential that parents/guardians keep the school informed of changes of address and
home, cell and business phone numbers, email addresses and changes of employer.

**INTERVENTION AND REFERRAL SERVICES (I&RS)/504**

The I&RS Committee provides supports to students and their teachers to assist the students’ learning,
behavior or health needs (N.J.A.C. 6A:16-7.1(a). Students may be referred to the committee by teachers or
parents who have academic, behavior or other concerns. The I&RS committee is multidisciplinary and may include: school administrator(s), a guidance counselor, a Child Study Team member, a general and special education teacher, the school nurse, any other related services personnel who could assist in the development of an action plan, as well as the child’s teacher. The committee meets to discuss a student's areas of strengths and vulnerabilities, creates goals and develops an Action Plan of strategies and techniques to be used address areas of concern. Follow-up meetings take place as needed to review and assess the effectiveness of the interventions identified in the Action Plan, which can be modified, as appropriate, to achieve the desired outcomes.

Section 504
Section 504 is a federal act prohibiting discrimination against anyone with a handicap in any program receiving federal financial assistance. The act defines a person with a handicap as anyone who:

1. Has a mental or physical impairment that substantially limits one or more major life activities, including activities such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working;
2. Has a record of such an impairment; or
3. Is regarded as having such an impairment.

In order to fulfill its obligation under Section 504, the Rumson School District recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a handicap will knowingly be permitted in any of the programs and practices of the school system. Accordingly, the school district has specific responsibilities under the act, which include the responsibility to identify, evaluate, and, if the child is determined to be eligible under Section 504, afford access to educational services. The I&RS Committee meets to consider students whose parents or teachers have referred them for evaluation for accommodation under Section 504 and determines eligibility after considering:

- The nature of the disabling condition;
- The basis for determination of eligibility;
- Whether the disability affects one or more major life activities; and
- Reasonable accommodations that are necessary.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, she or he has a right to a hearing with an impartial hearing officer.

LOCKERS: FORRESTDALE
All seventh and eighth grade students are assigned a locker. These lockers are for the convenience of the students, but they remain the property of the Board of Education. The administration reserves the right to inspect the contents of any locker. Students may not share lockers nor should they leave money or valuables in an unlocked locker. The school is not responsible for items lost or taken from lockers. Students may not leave their lockers unlocked. All displays in the locker must be hung with magnets. All 7th and 8th grade
students must leave their backpacks and cell phones in their lockers at all times. Teachers will schedule and facilitate locker visitation privileges.

**LOST AND FOUND**

Lost and found items are placed in the cafeteria. Ample opportunity to be retrieved will be given and then remaining items will be removed and donated to charity at intermittent points throughout the year.

**MEMORANDUM OF AGREEMENT WITH LAW ENFORCEMENT**

The Board of Education of Rumson recognizes its responsibility to ensure continuing cooperation between school staff and law enforcement authorities in all matters related to the use, possession, and distribution of controlled, dangerous substances, drug paraphernalia on school property, violence, and the actual or threatened infliction of bodily injury, the unlawful use or possession of firearms, or other dangerous weapons, arson or fire-setting activates, vandalism, and theft. The Board further recognizes its responsibility to cooperate with law enforcement authorities in planning and conducting law enforcement activities and operations on school property. The Board shall, therefore, establish a formal agreement with the appropriate law enforcement authorities and set forth the following policies and procedures after consultation with the county prosecutor and approval by the county superintendent of schools. The agreement shall be consistent with the School Zone Enforcement Code (NJAC 6:3-6.1-6.6), The Statewide Action Plan for Narcotics Enforcement and The Attorney General’s Executive Directive 1988-1. A copy of the aforementioned MOA is available in the Main Office.

**NOTICE AND CONSENT/OPT-OUT FOR SPECIFIC ACTIVITIES**

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires The Rumson School District to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

For surveys and activities scheduled after the school year starts, the Rumson School District will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an
opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under State law.)

**PARKING**

A few visitor parking spaces have been designated in the Deane-Porter parking lot and in the Forrestdale parking lot. Additional visitor parking is available in the lot behind the Forrestdale School. We ask that parents and visitors not park in spaces designated for staff. Please be cognizant of resident driveways when parking, so as to not block an egress. **Parents visiting the school prior to 9:00 AM or those parents accompanying students on a grade level field trip should park in the lot behind the Forrestdale School (near the basketball nets) to allow faculty members the opportunity to utilize the Deane-Porter and Forrestdale lot. As a reminder the lots are closed morning: 8:25 AM-8:50 AM and afternoon 3:00 PM to 3:15 PM.** Thank you for your cooperation.

**PERSONAL BELONGINGS: DEANE-PORTER (Policy #5611 & Policy #8467)**

Students may not bring any dangerous objects to school such as matches or knives. Students should refrain from bringing anything of great value to school. For safety’s sake, skateboards, lacrosse sticks, and other large sporting equipment should be left at home.

For security purposes, we ask that you refrain from taking items directly to your child’s classroom. Parents wishing to drop off any items for their child (books, sneakers, snacks, lunches, etc.) must bring them to the Main Office. Mrs. Ryan, our school secretary, will contact the teacher and have the child pick up the item(s) in the main office. Please make sure that their name is on their lunchbox or lunchbag. **Also, in order to avoid a disruption of instruction, parents may not “visit or pop in” their child’s classroom unannounced after volunteering to assist with specials, a meeting, etc.** Once you are finished with your meeting, special celebration, or helping out a teacher, please report to the main office and sign out.

**PETS ON SCHOOL GROUNDS (Policy #7490)**

For the safety and security of all students and staff members, please refrain from bringing household pets into or near the Deane-Porter or Forrestdale School. Due to various student allergies and the unpredictable temperament of animals, it is especially important to keep all pets off of school grounds during the arrival and dismissal of students. Please keep your pet(s) at home.

REPORT CARDS AND CONFERENCES (Policy #5420)
We have worked very hard to develop formal assessments for grades K-4 that assess a child’s academic and social progress. Grades 5 and 6 receive a formal assessment for each subject as represented by a letter grade and grades 7 and 8 as a numerical grade or mean.

Our quarterly report cards are intended to offer our most accurate professional judgments in relation to outlined scholastic expectations that are based on the Common Core State Standards. Students in grades one through eight receive report cards every marking period. Kindergarten students receive report cards during marking periods two, three, and four.
Parent conferences are scheduled twice yearly (in the fall and again in the early spring). Communicating a child's progress is not limited to these formal modes and parents are encouraged to contact the school whenever there is a question or concern.

**PLAGIARISM (POLICY 5701)**

**POND**
For safety’s sake, children may not play in or near the pond at any time.

**PUPIL GRIEVANCE (POLICY 5710)**

**PUPIL RECORDS (N.J.A.C. 6:3-6.1 through 6.6)**
The State of New Jersey requires each district to maintain records which “contain only such information as is relevant to the education of the pupil and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record.” Records mandated by the state include the following:

- Personal data (pupil name, address, date of birth, etc.)
- Record of daily attendance
- Descriptions of pupil progress
- Discipline records
- History and status of physical health
- Records regarding the education of educationally handicapped pupils

These records are held confidential and are secured when not in use. Parents/guardians wishing to review their child’s record should make an appointment with the principal or school counselor. We are required to provide supervised access within 10 days of the request. Parents may add educationally relevant information upon request. At the principal’s discretion, he may disclose information to appropriate persons to protect the health or safety of the pupil or other persons. This notice satisfies N.J.A.C. 6:3-6.2d requiring annual written notification of your rights in regard to pupil records.

**PUPIL RIGHTS (POLICY # 5700)**

**SCHOOL LUNCH PROGRAM (Policy #8500)**

Snack and Lunch Time
Deane Porter
Children have a short time period for a snack and a forty minute lunch/recess time. Children may also bring in a beverage such as a small juice box (*No glass, bottles or containers, please!*). *Please adhere to the snack options based on the needs of your child’s class.*

Deane Porter and Forrestdale
Students may bring lunch or purchase it in the cafeteria. Simplified Culinary Services of Point Pleasant, NJ, our food service company, will be providing lunch for students that wish to purchase food items. Items will be posted on the school website. Any parent wishing to contact Simplified Culinary Services about various concerns may speak to a representative at extension 356.

Students who wish to purchase lunches should bring in cash or, preferably, checks *(made out to Rumson BOE with their PIN # on the check or enclosed envelope).* Lunches can be prepaid by depositing money to their student account through this payment method, or by registering with our online service provider, MealPay Plus at [www.mealpayplus.com](http://www.mealpayplus.com). **This is not a CHARGE account, but rather a DEBIT system that can only be used if money is deposited to the student’s account. If your account is negative at the end of the year, it will not be activated in September.** It may be helpful to continually review your child’s PIN # and look at the menu the night before to help your child make a selection. If you have questions, please contact a Simplified Culinary Services representative at ext. 356.

Lunches *may not* be delivered to the school by one of the local vendors. Parents may purchase their child’s lunch from an outside source and deliver it personally to the school should they choose to do so.

If a child forgets his/her lunch, he/she may purchase a lunch. Emergency lunch costs will be assessed to the parent. If a student continuously forgets his/her lunch, a phone call will be made to the parent/guardian.

**SCHOOL VOLUNTEER (Policy #9180)**

**Parent and Teacher Organization (PTO)**

The Rumson PTO serves both schools in the district, and maintains an Executive Board. The PTO provides teachers and students with a wide range of exceptional resources and assemblies. All parents are invited to join this organization and will be welcomed as volunteers. PTO meetings are held on the first Wednesday of each month at 9:15 AM in the Forrestdale Cafeteria.
Rumson Education Foundation (REF)

The Rumson Education Foundation (REF) is a non-profit 501 (c)(3) organization founded over 18 years ago by a group of dedicated parents. These parents wish to enhance the public education of our children by raising funds to bridge the gap between school budgetary constraints and the educational resources needed within our schools. All parents are invited to support the foundation’s vision in granting innovating tools and resources to our schools.

SEARCH AND SEIZURE (Policy #5770)

The Board of Education recognizes that a pupil’s right of privacy may not be violated by unreasonable search and seizure and directs that no pupil be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the pupils in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a pupil as authorized by this policy, with or without the pupil’s consent, whenever he/she has reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the pupil’s age, and the pupil’s disciplinary history. Except in exigent circumstances, an intrusive search of a pupil’s person or intimate personal belongings shall be conducted by a person of the pupil’s gender.

The Board acknowledges the need for the in-school storage of pupils’ possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, pupils may lock them against incursion by other pupils. In no storage place provided by the Board shall pupils have such an expectation of privacy as to prevent examination by a school official.

Pupils shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to pupils for the storage of property.

Except as required by exigent circumstances, a request for the search of a pupil or a pupil’s private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the pupil to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the pupil, the pupil’s parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any pupil be subjected to a strip search or a body cavity search.
A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

The Principal shall conduct a pupil search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the pupil or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each pupil search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a pupil.

SPORTS INFORMATION

Concussion & Head Injury (R2431)

The Superintendent shall prepare and present to the Board for its approval procedures for the emergency treatment of injuries and disabilities that occur in the course of any athletic program or activity.

Emergency procedures shall be reviewed not less than once in each school year and shall be disseminated to appropriate staff members. Interscholastic Standards The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the
property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.

2431.3 PRACTICE AND PRE-SEASON HEAT-ACCLIMATION FOR INTERSCHOLASTIC ATHLETICS

The Board of Education adopts this Policy as a measure to protect the safety, health and welfare of pupils participating in school-sponsored interscholastic athletic programs.

The Board believes practice and pre-season heat-acclimation guidelines for student-athletes will minimize injury and enhance the student-athlete's health, performance, and well-being. For the purposes of this Policy, “practice time,” means the time a player engages in physical activity. Warm-up, stretching, conditioning, weight training, and “cool-down” periods shall be calculated in practice time.

For the purposes of this Policy “walk-through” means practice time where no protective equipment or strenuous activity is permitted and only balls and field markers (cones) may be used.

The first five days of the Board approved pre-season practice shall consist of no more than three hours of practice time. This three-hour practice time during the first five days may be divided into multiple sessions, but total practice time shall not exceed three hours daily. Full protective gear required for any athletic program may only be worn by student-athletes on the third day of practice and thereafter. Activities during the first two days of practice will be limited to those activities where full protective gear is not needed or required. Protective headgear may be worn on the first two days.

A student-athlete shall not be permitted to participate in a scrimmage for any sport until he/she has completed six complete days of practice. An athletic team may not practice for more than six consecutive days and one twenty-four hour rest period must be included within a seven-day period. After the fifth day of practice, the maximum allotted time per day for practice shall not exceed five hours. The five-hour practice time may be divided into multiple sessions but total practice time in any day shall not exceed five hours. A five hour practice day may not be followed by a practice day greater than three hours. Therefore, practice days may follow a 3-5-3-5 format. A minimum of a three-hour recovery period shall be provided after any session of greater than two hours in length and a three-hour recovery period should be provided before a walk-through.

EYE PROTECTION (Policy 7432)

The Board of Education directs the rigorous implementation and enforcement of eye safety practices for pupils, staff members, and visitors exposed to conditions potentially hazardous to the eyes in the instructional program of this district.
Each pupil, staff member, and visitor exposed to a condition identified as hazardous to the eyes must wear an eye protective device appropriate to the activity and certified to meet the standards established by the State Board of Education, the American National Standard Practice for Occupational and Educational Eye and Face Protection, ANSI Z87.1-1979, and American National Standard Practice for the Safe Use of Lasers, ANSI Z136.1-1986 and the New Jersey Administrative Code.

The eye protective device shall be supplied by the Board, except that the pupil, staff member, or visitor may wear personal eyewear that is appropriate to the activity and certified, in writing, by a licensed optician or other qualified licensed eye professional to meet or exceed those standards. District owned eye protective devices shall be inspected regularly by the appropriate staff member, and defective or poorly fitting devices shall be returned to the Principal for repair or discard. Any shared eye protective devices shall be disinfected between uses by the method prescribed by the school medical inspector.

**Sports Awards**

All sports awards are determined by the coach, including the Holy Cross annual basketball game.

**STUDENT ACHIEVEMENT GRADING AND PROMOTION (Policy #2624; #5410; #5411)**

Student progress will be closely monitored and regularly reported to parents. Report cards will be distributed four times per year.

Grades appearing on report cards indicate what the student has achieved, how well the student has demonstrated what he/she has learned. In all classes, every student is expected to:

1. Complete homework assignments accurately, neatly, and promptly.
2. Experience success in the instruction administered by the teacher.
3. Participate actively in the daily lesson through recitation and pertinent questioning.
4. Prepare assignments promptly, accurately, thoroughly and neatly.
5. Display an eagerness to learn and a constructively inquisitive approach to the work.
6. Contribute frequently to group discussions, direct attention to the lesson, prepare thoroughly for tests, cooperate with the teacher at all times and follow reasonable directions.
7. Work to the best of her/his ability, and seek extra help whenever necessary.

The teaching staff shall provide parents with information regarding student grading, particularly those factors which determine a student’s grade. This information shall be provided to the parents at the beginning of the school year and to the students where and when appropriate, and shall include the criteria for attainment of all grades.

Promotion or retention of a pupil shall be made in the best interest of the student after a careful evaluation of all the factors relating to the probability of future success for that student. In order to successfully pass for the school year and be promoted, students in grades 6, 7 and 8 must acquire credit in the following courses: *Foreign Language, Language Arts, Science, Mathematics, and Social Studies.*

62
Credit is acquired by maintaining an average of 65 in these courses for the year. Students, in grades 6, 7, and 8, who fail two or more of these subjects, will not be promoted. If only one subject matter is not passed for the year, a parent conference will be scheduled to discuss options for completing necessary course requirements during the summer. The Rumson School District does not provide summer school for subjects failed for the year, and it is at the parent’s cost that the students must make-up coursework.

When attendance standards have not been met but mastery has been achieved, a review will be conducted by the principal according to Board Policy to determine a student’s suitability for promotion.

When general progress is being made but mastery has not been achieved, the child’s personality, emotional stability and maturity will be taken into account prior to retention. The principal, in concert with the Child Study Team, the guidance counselor and the student’s parents shall review all remedial program offerings and options, as well as possible placement. The principal shall be responsible for making the final decision as to placement.

**STUDENT INFORMATION CARDS/UPDATE (GREEN CARDS)**

Annually parents are required to complete a Student Information Card and a Medical History form for each child attending school. The information provided is confidential and will be used by the professional staff to safeguard the health and well-being of your child.

In the event of an illness, injury, or other emergency situation, accurate and detailed information is critical. It is essential that parents/guardians keep the school informed of changes in medical conditions, address and home phone number, and employer and business phone number.

**STUDENT PREPAREDNESS**

In addition to following school regulations and school authorities, it is the responsibility of every student to come to school with books, gym clothes, lunch, and other necessary materials on time. We *strongly discourage* parents from dropping off the above items for their children during the school day. *We will not interrupt classes by calling students to the office to pick up materials that have been dropped off.* If a parent must drop off an item for their child, please do so by placing the item in the grade level containers in the Main Office.

It is also the responsibility of every student to listen to the morning and afternoon announcements. *Any parent who wishes to relay important information to their child at the end of the day must call the main office by 2:30 p.m. in order to be included in the afternoon announcements.* Parents should not rely on teacher voicemail or email for of messages that must be conveyed to students at day’s end.

**STUDENT SAFETY/WEAPONS (Policy #5611 & Policy #8467)**

Any student who possesses, uses, or exchanges a weapon or anything that could be used as a weapon shall be subject to stringent discipline, which may include suspension or expulsion from school. Such students may
also be reported to the appropriate law enforcement agency. The possession of weapon facsimiles will result in a disciplinary action which may include detention, suspension, or parent contact.

**SUBSTANCE ABUSE (Policy #5530)**

The Rumson Board of Education has established a policy regarding student possession, use, or sale of drugs while on school property. Students may be subject to expulsion if found to be involved in possession of, using or selling drugs while on school property.

In addition, any student who, upon finding or receiving any narcotics, fails to turn them over immediately to a member of the school staff shall be considered to be in possession of narcotics and may be subject to expulsion from school.

Any student found to be under the influence of any narcotics while on school grounds or under the jurisdiction of the school, will be considered to be a user of and in possession of such narcotics or alcohol even though the drugs or alcohol may not have been taken while on school premises.

The Rumson Board of Education recognizes its responsibility to ensure continuing cooperation between school staff and law enforcement authorities in all matters relating to the use, possession and distribution of controlled dangerous substances and drug paraphernalia on school property. To that end, the Board of Education will cooperate with law enforcement activities and operations on school property. All district policies regarding substance abuse are available to interested parties by visiting the Rumson School District website.

**TARDINESS Policy # 5240**

**VACATIONS**

Family time is very important for our students. We encourage all of our families to enjoy special time together, however, it is expected that parents make every effort not to schedule vacations during times when school is in session, in order to avoid interrupting their child’s education program. Please be aware that missing school for a vacation is not recognized as a legal absence and therefore will not be excused.

Should your child miss school due to a special family outing, the following procedure will be in place:

- A written note should be given to the main office and to their teacher(s) one week prior to the vacation with the dates that your child(ren) will be absent from school.

- Students will be responsible to make up any tests or quizzes and will need to make arrangements with their specific teachers.
Students will only receive up to a maximum of 5 days of prepared school work, even if the amount of vacation days exceeds 5 days.

Students will have the same amount of days to make up the school work as the amount of days on vacation. (i.e. 3 days out = 3 days to make up the school work)

Student’s work is projected and may be subject to change during the student’s absence as a result of classroom instruction. (Regulation #2330)

All teachers may direct students to use the website as a tool to ascertain updated nightly assignments.

Therapy Dog

Students in Rumson are very fortunate to have our own district therapy dog. Last spring, the district students were able to watch Boomer as he grew on the webcam. Boomer officially joined our Bulldog family on June 29, 2017, and has been bringing joy and smiles to everyone who has met him!

Boomer will be in training his first year, working towards obtaining his Therapy Dog, AKC Good Citizenship Certification. During this time, Boomer will be getting to know our school and our students. Boomer has shown all the characteristics a therapy dog must have; he is well tempered, well socialized, enjoys being around children and adults, is eager to train, and is curious.

Research has shown that therapy dogs help to create a positive environment. There are numerous benefits to having a therapy dog, for example, they help turn off anxiety, anger, and depression. Spending time with therapy dogs reinforces learning, motivates students, enhances self esteem, provides opportunities for appropriate interactions, and are a comforting presence.

Boomer will be joining classrooms in both Deane-Porter and Forrestdale Schools with one of his trained handlers.

Please contact Ms. Feeney at Deane-Porter, sfeeney@rumsonschool.org, or Mrs. Gibbons at Forrestdale, jgibbons@rumsonschool.org. If you have any concerns (allergies, fear of dogs, etc.) about Boomer visiting our classrooms.

Please be advised that our practice regarding recess and children who are injured outside of school is as follows: “Students who have reported to school with noticeable injuries (stitches/casts/splints/etc.) shall not be permitted to play with or on any equipment without permission. Students who have not been cleared by the school nurse (who will only do so upon receipt of written notice from doctor/parent) should report outside with their classmates, but must avoid any play.” Should you, as a parent, wish for your child to be given permission to play, please contact Ms. Zajac at Deane-Porter and Mrs. Montanez at Forrestdale.
Please make sure that you contact the school nurse regarding any medical concerns. Remember that children, excluding those who suffer from asthma or other life-threatening illnesses, may not self-medicate. All medications, including over-the-counter medications, such as aspirin and cough drops, must go through the nurse’s office.
