

# What can my "child/student" do online?

Start at [www.pearsonsuccessnet.com](http://www.pearsonsuccessnet.com) and put in your username and password.

To see **my child's lesson**:

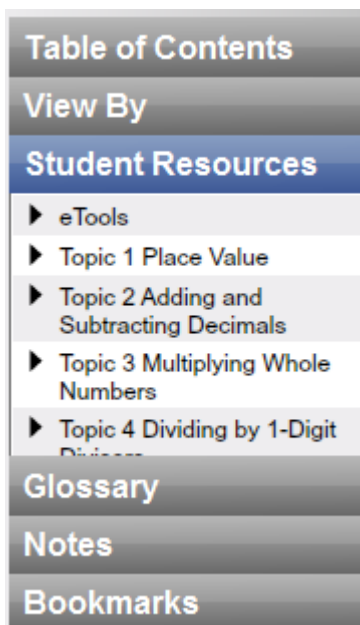

Click on Student Edition

Click "Open Book"

Click on Topic that your student is studying

Click on the lesson of the day

Here you can see each of the pages for that lesson as well as other "Student Resources"

You can also print the daily practice workbook page for each lesson using the printer icon at the bottom of the practice page

To see my child's **online assignments**:

☞ Click on the "To Do" tab which will automatically appear once an assignment has been made by the classroom teacher.

Student's "To Do" list immediately pops up- Click on assignment from teacher!

☞ Assignments will only be present if a teacher has assigned one or your child has taken their assessment online and a prescription has been given based on his/her score

If no assignments have been assigned by the teacher the "To Do" tab will be say "Explore"

To see today's **Visual Learning Bridge Animations** (your student's lesson comes to life!)

Click on the "Explore" button

Click on the box that represents your student's current Topic (or chapter)

Click on your student's lesson under the "Table of Contents"

<b>Table of Contents</b>	
Topic 1 > Lesson	
01-00 Place Value Introduction	▶
01-01 Place Value	
01-02 Tenths and Hundredths	
01-03 Thousandths	▶
01-04 Decimal Place Value	
01-05 Comparing and Ordering Decimals	
01-06 Problem Solving: Look for a Pattern	

To have your child practice using our **online games and activities**:

Click on the "Explore" button at the top of the screen

Click on the "Search" link under the "Explore" button

Click on any of the games, activities, songs, or visual learning animations
