

60 Forrest Avenue, Rumson NJ 07760 732. 732.842.4747/Fax 732.842.4877

Welcome to the Rumson School District, where we aim to ignite students potential!

In this packet you will find the following forms:

- 1. Cover Letter
- 1a. Summer Placement Testing Notice
- 2. Student Registration Form
- Residency Statement (Now located on the Registration/Residency Information page of the website)
- Release of Records Home Language Survey
- Home Language Survey
- Homeless Information
- 7. Transportation Request Form
- New Student Interest Inventory
- 9. Parent Questionnaire
- 10. General Health Information
- 11. Individual Health Information for the School Nurse
- 11a. Health Exam Form Pre-K 5 / 6-8 no athletic participation
- 11b. Health Exam Form Gr. 6-8 athletic participation
- 12a. Preschool Immunization information
- 12b. Gr. K-12 Immunization information
- 13. TB Program in Schools

All forms are to be returned with appropriate documentation to your child's respective school:

For Deane-Porter (PreK-3) return/contact: Secretary: Diane Ryan - 732-842-0330

Nurse: Krisanne Zajac - 732-842-0330 x353

For Forrestdale (4-8) return/contact: Secretary: Ann Zimbile - 732-842-0383

Nurse: Maria Montanez - 732-842-0383 x318

You will need to show proof of age from the list below upon registration:

- Religious, hospital, or physician's certification showing date of birth
- Entry into a family bible
- Adoption record
- Affidavit from a parent
- Birth certificate
- Previously verified school records
- None of these documents have to be US-based

All other documentation needed is indicated on the associated forms enclosed.

Thank you! We look forward to having you as part of our Rumson School District family!

FORRESTDALE SCHOOL

60 Forrest Avenue, Rumson NJ 07760 732.842.0383/Fax 732.219.9458

Office of Curriculum
Mrs. Vera Ridoux

Dear Parent(s)/Guardian(s),

Welcome to the Rumson School District! We are extremely happy you will be a part of the Bulldog family. As part of the admissions process, we examine each child's academic performance from prior schooling, both to provide the most accurate picture of your son or daughter as a learner, and to determine the appropriate placement in our district's programs. When reviewing the transferred file we are most interested in examining examining the following:

Lexile Level, Math Quantile level, Cognitive Performance, Standardized State Testing

Please contact your child's prior school to request that the records they forward to Rumson contain the information above if available. Should your child's records not include such information, we require participation in placement testing prior to the start of the school year. Below you will find the required assessments your child will participate in based on grade level.

<u>Entering Grades 3, 4, 5</u> - Cognitive Profile (entering Grade 3 only), Scholastic Reading Inventory, Scholastic Math Inventory,

Entering Grades 6, 7, 8 - Scholastic Reading Inventory, Scholastic Math Inventory,

Without this information your child's placement may need to be changed after the school year begins as placement data will be collected after the start of school.

You will be notified separately when placement testing will be held. There is nothing your child needs to do in order to prepare for testing, outside of getting a good night's rest and eating a healthy breakfast. Students may bring a peanut-free snack and drink with them to testing. No calculators are permitted during testing.

Please feel free to reach out with any questions to your building principal: Deane Porter School - Ms. Shari Feeney, 732-842-0330 x350 Forrestdale School - Mrs. Jennifer Gibbons, 7321-842-0383 x314 Or the Curriculum Office - 732-945-3100.

Sincerely,

Vera Ridoux

District Supervisor of Curriculum, Instruction and Assessment

Proof of Age

Please provide documentation to show that your child falls within the school district's minimum and maximum age requirements. School districts typically accept a variety of documents for this purpose, such as religious, hospital, or physician's certificate showing date of birth; an entry in a family bible; an adoption record; an affidavit from parent; a birth certificate; or previously verified school records.

Student eligibility and enrollment

The Board shall operate the schools of this district for the benefit of children between the ages of five (by Oct. 30th) and fifteen, resident in the District and eligible for attendance free of charge pursuant to NJAC 6A:23-3.1 et seq. in the schools of this district and such others are may be admitted, pursuant to statute and the policy of the Board.

Students entering the district

If the child or children are nonresidents of Rumson Borough at the time of registration, the Superintendent of Schools must be furnished with a copy of a signed contract to buy, build or rent a home which will include the projected date of residency pursuant to Board Policy 5111.

Until actual residence takes place and proof has been submitted, a nonrefundable monthly tuition fee (1/10 of the per pupil cost) will be assessed for a one year period. If after a year actual residence has not taken place, the nonresident student is subject to removal from the school district or may apply as a tuition student based upon school policy and regulations

Tuition for all nonresident students will be paid monthly, one month in advance. The Board Secretary's office will be responsible for collection.

Students leaving the district

Children of parents no longer residing in Rumson Borough during the school year may complete that school year providing:

- There is no cost for transportation involving the Rumson school district.
- B. A prepaid prorated tuition is paid to the Board of Education from 30 days after residence in Rumson Borough terminates; except no tuition shall be charged when residency is terminated after May 1.
- C. No tuition will be charged for students in 8th grade when residence is terminated after December 31.

Certification of eligibility and enrollment

INFORMATION FOR PARENTS

IF YOUR FAMILY LIVES IN ANY OF THE FOLLOWING SITUATIONS:

In a shelter

In a motel or campground due to the lack of an alternative adequate accommodation

In a car, park, abandoned building, or bus or train station

Doubled up with other people due to loss of housing or economic hardship

Your school-age children may qualify for certain rights and protections under the federal McKinney-Vento Act.

Your eligible children have the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in school and attend classes while the school gathers needed documents.
- Enroll in the local school; or continue attending their school of origin (the school
 they attended when permanently housed or the school in which they were last
 enrolled), if that is your preference and is feasible.
 - * If the school district believes that the school you select is not in the best interest of your children, then the district must provide you with a written explanation of its position and inform you of your right to appeal its decision.
- Receive transportation to and from the school of origin, if you request this.
- Receive educational services comparable to those provided to other students, according to your children's needs.

If you believe your children may be eligible, contact the local liaison to find out what services and supports may be available. There also may be supports available for your preschool-age children.

Local Liaison Michael Snyder (732)842-0811

State Coordinator Richard Wesler (732)695-7800 ext. 7805

Dear Parents/Guardians,

Welcome to the Rumson School District. In order to meet the health care needs of our students, please see attached important information.

Physical Examination Documentation

Proof of a completed physical are required for every enrolled student regardless of grade. Your primary health care provider must complete the new student examination within the year prior to enrollment. Pupils transferring into school district are allowed a thirty-day grace period in order to obtain a physical exam. The primary care MD can use our form (see attached) or a generic physical exam form. If your child is enrolling in 6th, 7th, or 8th grade and may be interested in trying out for a sport you can use the required NJ Department of Education Sports Physical as both entry exam and sports exam (see attached for specific information regarding Sports)

Tuberculosis Testing Documentation

If a student is transferring from another country, please contact the school nurse or refer to the NJ State Dept. of Health website http://www.state.nj.us/health/hivstdtb/documents/tb/school mandate.pdf for the most up to date information regarding TB testing.

Immunization Documentation

Rumson School District requires proof of vaccinations for all students. A completed, up to date immunization record must be provided within 30 days of student start date. Your child's primary care physician or previous school district can provide this documentation. Once received and reviewed the school nurse will contact you if the information is not up to date. A list of local clinics will be provided upon request to get the mandatory vaccines.

Medication Administration

Any students that require medication administration must provide a signed order from your health care provider, a parental consent and the medication in its original container. This policy includes over the counter medications, homeopathic as well as prescription medications, The medication administration form is attached form or download the form from www.rumsonschool.org website. A standing order has been provided by our school physician for the administration of epinephrine and Benadryl as needed for undiagnosed allergic or anaphylaxis reaction. Asthma Action Plan, Food Allergy Action Plan, and Seizure Plan information are also available (see attached).

Emergency Cards

A completed emergency card is imperative in case of an emergency. Please complete immediately and alert school nurse of any changes during the school year as needed.

Thank you for your cooperation. Please feel free to contact the school nurse if you have any questions.

Maria E. Montanez, R.N., M.S.N. Forrestdale School Nurse (732) 842-0383 ext. 318 mmontanez@rumsonschool.org Krisanne Zajac, R.N., M,S.N. Deane Porter School Nurse 732-842-0330 ext. 353 kzajac@rumsonschool.org

Sports Tryouts/Physicals

Tryouts for girls field hockey, boys and girls soccer and cross country will start on the second week of school. Winter sports include girls' and boys' basketball and the spring sports include girls' softball, boy's baseball, and track. Signups will be available in the 6th, 7th and 8th grade students. All students must have an up to date physical completed on the Department of Education forms. The physical is good for 1 full year. Blank physical forms are available on the www.rumsonschool.org on the health services section under downloadable forms. Parents are required to complete the history information and have the physical form completed by the health care provided. If you are unable to obtain the physical prior to tryouts one can be provided by the school physician dates are provided prior to each season. Please contact the school nurse to request an appointment. All students with a physical on file with the school nurse that has been completed on the required forms will only need a "Health History Update" form completed by the parent. The update form will be reviewed and students that require additional clearance (i.e., orthopedic clearance for a post physical fracture) will be contacted to obtain the additional clearance. All clearance forms must be provided prior to student participating in tryouts.

As per the State of NJ the mandated forms are the only forms that can be accepted as proof of a completed sport physical. In addition there are forms that require review and signing by both parent and student to confirm receipt of information. Information on concussion and cardiac death in sports is available online or in the sports package. Any students missing the required forms will not be able to tryout.

Food Allergy Action Plan

Students with specific allergies may require an Allergy Action Plan that can include the administration of Benadryl and/ or EpiPen. An order with specific instructions needs to be completed by the health care provider on this specific form. This will be the order for the school year. The "Food Allergy Action Plan" form can be obtained from the school website at www.rumsonschool.org on the health services section under downloadable forms. Students that are cleared by the primary health care provider to self-administer the EpiPen can be identified on the form under the dosage section.

Asthma Action Plan

Student with asthma who may need medication during the school day will require a signed "Asthma Action Plan" by the primary health care provider. This will be the order for the school year. The "Asthma Action Plan" form can be obtained from the school website at www.rumsonschool.org on the health services section under downloadable forms. Students that are cleared by the primary health care provider to carry and self-administer the inhaler should be checked off on the form.

Seizure Action Plan

Students with seizures who may need medication during the school day will require a signed "Seizure Action Plan" by the primary health care provider. The "Seizure Action Plan" form can be obtained from the school website at www.rumsonschool.org on the health services section under downloadable forms. This will be the order for the school year.

6.5-4 FOR CHILD CARE/PRESCHOOL DIRECTORS AND PARENTS: CHILD CARE/PRESCHOOL IMMUNIZATION

Vaccine Preventable Disease Program NJ Department of Health

New Jersey Minimum Immunization Requirements for Child Care/Preschool Attendance N.J.A.C. 8:57-4 Immunization of Pupils in School

care/preschool attendance in NJ. For the complete ACIP Recommended Immunization Schedule, please visit http://www.cdc.gov/vaccines/schedules/index.html. Listed in the chart below are the minimum required number of doses your child must have in order to enroll/attend a child care/preschool facility in NJ. Additional vaccines are recommended by the Advisory Committee on Immunization Practices (ACIP), but only the following are required for child

At this age the child should 2 months have received the following vaccines:	2 months	4 months	6 months	12 months	15 months	18 months	19 months	20-59 months
Diphtheria, tetanus & acellular pertussis (DTaP)	Dose #1	Dose #2	Dose #3			Dose #4		
Inactivated Poliovirus (Polio) Dose #1	Dose #1	Dose #2				Dose#3		
Haemophilus influenzae type b (Hib)	Dose #1	Dose #2		1-4 doses (see footnote)		At least I dose given on or after the first birthday		
Pneumococcal conjugate (PCV 13)	Dose #1	Dose #2		1-4 doses (see footnote)	At least 1 dose given on or after the first birthday			-
Measles, mumps, rubella (MIMR)					Dose #1*			
Varicella (VAR)							Dase #1 §	4
Influenza (IIV; LAIV)					One dose due each year	th year 1		

Internetation: Children need to receive the minimum number of age-appropriate vaccines prior to entering child care/preschool. For example, a child 2 months of age, must have I dose each of DTaP, Polio, Hib, and PCV before being permitted to enter child care/preschool. A child entering at a younger age range than listed above must have proof of receiving vaccines in the previous age bracket. Example: A child entering child care/preschool at 11 months of age, would need at least the following: 3 DTaP, 2 Polio, 2 Hib, and 2 PCV. The current seasonal flu vaccine is required every year by December 31 for children 6-59 months of age.

" Haemophilus influenzae type b (Hib) and pneumococcal (PCV) vaccines are special cases. If a child started late with these vaccines he/she may need fewer Please Note: The use of combination vaccines may allow students to receive the 1st birthday booster dose of Hib between 15-18 months of age. doses. One dose of each is required on or after the first birthday in all cases.

MMR vaccine may be given as early as 12 months of age, but NJ requires children to receive the vaccine by 15 months of age. Prior to age 15 months, a child may enter preschool/child care without a documented dose of MMR. Varicella vaccine may be given as early as 12 months of age, but NJ requires children to receive the vaccine by 19 months of age. Prior to age 19 months, a chickenpox as long as the parent can provide the school with one of the following: 1. Documented laboratory evidence showing immunity (protection) from child may enter preschool/child care without a documented dose of varicella. A child will not have to receive the varicella vaccine if he/she previously had chickenpox, 2. A physician's written statement that the child previously had chickenpox, or 3. A parent's written statement that the child previously had

receive at least one dose of the influenza vaccine or until they turn 60 months of age. Children enrolling in child care/preschool after December 31, must provide documentation of receiving the current seasonal flu vaccine before being allowed to enter school. Students enrolling in school after March 31 are not required to The current seasonal influenza vaccine is required every year for those children 6 months through 59 months of age. Students who have not received the flu vaccine by December 31 must be excluded (not allowed to attend child care/preschool) for the duration of influenzalseason (through March 31), until they receive the flu vaccine; however, flu season may extend until May and therefore getting a flu vaccine even late in the season is still protective NJ accepts valid medical and religious exemptions (reasons for not showing proof of immunizations) as per the NJ Immunization of Pupils in School regulations, school, preschool, or child care facility during a vaccine preventable disease outbreak or threatened outbreak as determined by the Commissioner, Department of Health or his or her designee. In addition, anybody having control of a school may, on account of the prevalence of any communicable disease, or to prevent the spread of communicable disease, prohibit the attendance of any teacher or pupil of any school under their control and specify the time during which the teacher N.J.A.C. 8:57-4. Children without proof of immunity as defined by ACIP, including those with medical and religious exemptions, may be excluded from a or scholar shall remain away from school. The Department of Health shall provide guidance to the school of the appropriateness of any such prohibition.

For more information, please visit "NJ Immunization Requirements Frequently Asked Questions", at the following link: http://nj.gov/health/cd/imm.shtml Interpretation: Children need to receive the minimum number of age-appropriate vaccines prior to entering child care/preschool. For example, a child 2 months of age, must have 1 dose each of DTaP-Pollo, Hib, and PCV before being permitted to enter child care/preschool. A child entering at a younger age range than listed above must have proof of receiving vaccines in the previous age bracket. Example: A child entering child care/preschool at 11 months of age, would need at least the following: 3 DTaP, 2 Polio, 2 Hib, and 2 PCV. The current seasonal flu vaccine is required every year by December 31 for children 6-59 months of age

Vaccine Preventable Disease Program NJ Department of Health

New Jersey Minimum Immunization Requirements for Kindergarten-Grade 12 Attendance N.J.A.C. 8:57-4 Immunization of Pupils in School

Guide for checking compliance Step 1: Each child attending/enrolling must present documentation of immunizations or valid medical or religious exemption to vaccines. In order to allow a child to enter school, he/she must have at least one dose of each age-appropriate required vaccine.

Step 2: Determine child's present grade level.

Step 3: Compare the child's record with the requirements listed on the chart below.

		Minimum N	umber of Dos	Minimum Number of Doses for Each Vaccine	ne		
Gradeslevel child enters school:	Diphtheria, Tetanus, acellular Pertussis	Polio Inactivated Polio Vaccine (IPV)	MMR (Measles, Mumps, Rubella)	Varicella (Chickenpox)	Hepatitis B	Hepatitis Meningococcal B	Tdap (Tetanus, diphtheria, acellular pertussis)
Kindergarten – 1" grade	A total of 4 doses with one of these doses on or after the 4th birthday OR any 5 doses*	A total of 3 doses with one of these doses given on or after the 4 th birthday OR any 4 doses	2 doses	I dose	3 doses	None	None
2"d – 5 th grade	3 doses NOTE: Children 7 years of age and older, who have not been previously vaccinated with the primary DTaP series, should receive 3 doses of Tetanus, diphtheria (Td)	3 doses	2 doses	l dose	3 doses	None	None
6 th grade and higher	3 doses	3 doses	2 doses	Tidose required 3:dosest for children born on or after 1/1/98 [§]	3:doses1	To children born on or after 1/1/97 given no earlier than ten years of age.	I dose required for children born on or after 1/1/97

Additional vaccines are recommended by the Centers for Disease Control and Prevention (CDC). The chart above lists only the vaccines that are required for school attendance in NJ. Please note that unvaccinated children, including those with medical and/or religious exemptions, may be excluded from school during a vaccine preventable disease outbreak or threatened outbreak to ensure public health safety,

For the complete CDC Recommended Immunization Schedule, please visit http://www.cdc.gov/vaccines/schedules/index.html.

* DTaP: Children who previously attended child care/preschool should have received 4 doses since the requirement to receive the fourth birthday booster dose (5th dose) does not apply until the child attends Kindergarten. However, if one of these 4 doses was given after the 4th birthday, this child will not need an additional dose for Kindergarten. Children will need 5 doses if all doses were administered prior to the 4th birthday in order to enter Kindergarten.

Polio: Children who previously attended child care/preschool should have 3 doses since the requirement to receive the fourth birthday booster dose (4th dose) does not apply until the child attends Kindergarten. However, if one of these 3 doses was given after the 4th birthday, this child will not need an additional dose for Kindergarten.

Children will need 4 doses if all doses were administered prior to the 4th birthday.

A child is required to receive two doses of measles, one dose of mumps, and one dose of rubella once heishe enters Kindergarten. Since single antigen (separate components of the vaccine) is not readily available, most children will have two MMR vaccines.

The Antibody Titer Law (Holly's Law, NJSA 26:2N-8-11), passed on January 14, 2004, requires the New Jersey Department of Health (NJDOH) to accept serologic evidence of protective immunity to measles, mumps and rubella in lieu of the second ACIP recommended measles, mumps and rubella vaccine. For more information, please visit http://nj.gov/health/cd/documents/antibody_titer_law.pdf. § Varicella vaccine is only required for children born on or after January 1, 1998. A child will not have to receive the varicella vaccine if he/she previously had chickenpox as Jongas a parent can provide the school with one of the following: 1) Documented laboratory evidence showing immunity (protection) from chickenpox, 2) A physician's written statement that the child previously had chickenpox, or 3) A parent's written statement that the child previously had chickenpox.

Children who present documented laboratory evidence of hepatitis B disease or immunity, constituting a medical exemption, shall not be required to receive hepatitis B vaccine. Two doses of hepatitis B vaccine is acceptable if child received the vaccine between 11 - 15 yrs. of age AND the vaccine is identified as Adolescent Formulation.

"Tdap and Meningococcal vaccines are required for all entering 6th graders who are 11 years of age or older; 6th graders < 11 years must receive Tdap and meningococcal vaccines once age 11 is reached.

For the complete list of "NJ Immunization Requirements Frequently Asked Questions", please visit http://ni.gov/health/cd/jmm.shtml.

New Jersey Department of Health Tuberculosis Program

Recommended Tuberculosis Testing in New Jersey Schools

Justification: To restrict tuberculosis screening in New Jersey schools to teachers/other employees and only those students who are at highest risk for latent TB infection.

- Only a positive interferon gamma release assay test result or a Mantoux intradermal test using 5 TU of stabilized PPD tuberculin skin test result measuring ≥ 10mm of induration shall be considered a "significant reaction" and evidence of latent TB infection.
- il. The following tuberculosis testing recommendations apply to ALL school districts:
 - Students born in a country that is not listed on page 3 and entering school in the U.S. for the first time, regardless of age or grade.
 - 2. Students transferring into the New Jersey school system directly from a country not listed on page 3, regardless of age or grade.

EXCEPTIONS FOR BOTH GROUPS OF STUDENTS LISTED ABOVE:

Entering at preschool through grade 5: Tuberculosis testing is not recommended if the student has documentation of an IGRA or Mantoux tuberculin skin test at the age of three years or older, regardless of the result of that test.

<u>Entering at grades 6 through 12:</u> Tuberculosis testing is not recommended if the student has documentation of a negative tuberculosis test in the last six months or a positive test, regardless when this test was done.

Tuberculosis testing is not recommended if the student has attended school in another state prior to entering the New Jersey school system.

Any student with parents claiming religious exemption (TB-8 Form) cannot be compelled to submit to tuberculosis testing. In these instances, a symptom assessment must be done (TB-8 Form). If TB-like symptoms are reported, a physician must document that the student does not have active disease. Each school district is responsible for determining the criteria essential to document a valid religious exemption.

3. Teachers and Other Employees

A tuberculosis test shall be given upon employment to all newly hired employees (full-time and part-time), all student teachers, and school bus drivers on contract with the district and other persons (e.g., volunteers) who have contact with students.

EXEMPTIONS:

Tuberculosis testing is not recommended for volunteers working with pupils for less than <u>20 hours</u> per month.

Tuberculosis testing is not recommended for new employees, student teachers and contractors of the district with a documented negative tuberculosis test result in the last six months or a documented positive tuberculosis test, regardless of when this test was done.

Tuberculosis testing is <u>not recommended</u> for a school employee transferring between school districts or from a non-public school within New Jersey with a documented tuberculosis test result upon his/her initial employment by a New Jersey school.

Employees, student teachers, contractors or volunteers who have contact with students and claim religious exemption cannot be compelled to submit to tuberculosis testing. In these instances, a symptom assessment should be done (TB-8 Form). If TB-like symptoms are reported, a physician must document that the employee, student teacher, contractor or volunteer does not have active disease. Each school district is responsible for determining the criteria essential to document a valid religious exemption.

THE FOLLOWING COUNTRIES HAVE A LOW INCIDENCE OF TB AND REQUIRE NO TB TESTING

America Samoa

Andorra

Antigua and Barbuda

Australia Austria Barbados Belgium Bermuda

Canada Cavman

Cayman Islands Cook Islands Costa Rica Cuba

Cyprus

Czech Republic

Denmark
Dominica
Finland
France
Germany
Greece
Greenland

Grenada Iceland Ireland Israel

Italy Jamaica

Jordan

Lebanon Luxembourd

Malta Monaco Montserrat Netherlands

Netherlands Antilles

New Zealand North Ireland Norway Oman Puerto Rico

Saint Kitts and Nevis

St. Lucia

St. Maarten (Dutch)

San Marino Slovakia Slovenia Spain Sweden Switzerland

Trinidad and Tobago Turks and Caicos Islands United Arab Emirates

United Kingdom of Great Britain and

Northern Ireland United States of America United States Virgin Islands West Bank and Gaza

Students entering a U.S. school for the first time in New Jersey or transferring into a New Jersey school from <u>ANY</u> country <u>NOT</u> listed above must receive an IGRA or Mantoux tuberculin skin test unless they meet an exemption criterion.
