

R 5830 PUPIL FUND RAISING

Solicitation by Pupils

1. Permission for solicitation by pupils must be approved by the Board of Education at its August meeting. Requests submitted after that time will be considered on an individual basis at the next Board meeting after the receipt of the request. Permission granted in one year does not insure future approval. The Board of Education will require approval each succeeding school year.
2. An application for solicitation by pupils must be submitted prior to August 15 for Board of Education consideration. Applications are available in the Board Secretary's office.

Issued: 28 November 2012
