

The poster features a vibrant, cartoon-style border filled with various STEM-related icons. At the top, there's a DNA double helix, a satellite dish, and a computer monitor. On the left side, a calculator, a magnifying glass, and a satellite dish are visible. On the right side, a satellite dish, a calculator, a globe, and gears are shown. At the bottom, a boy in a lab coat is holding a molecular model, and a girl in a lab coat is using a magnifying glass. In the center, there's a QR code and a small molecular model icon.
