

CONCEPTS AND ROLES IN ADMINISTRATION

The administration of this school system is responsible for the direction, coordination and control of students and staff in their efforts to reach educational philosophy, goals, and general objectives adopted by the governing board within the guidelines established by governing board policy, law, and employee agreements.

The board believes that the legislation of policies is the most important continuing function of a school board, and that the execution of the policies should be the function of the superintendent.

The board holds the superintendent responsible for carrying out its policies within established guidelines and for keeping the board informed about school operation.
