Electronic Communications System

The board is committed to the development and establishment of a quality, equitable and cost-effective electronic communications system. The district's system will be used to provide statewide, national and global communications opportunities for staff and students.

Staff will supervise students during use of the electronic communication system. the system's sole purpose shall be for the advancement and promotions of learning and teaching.

The superintendent shall establish administrative regulations for the use of the district's system. The regulations shall be consistent with district policy and pertinent state and federal law.

Failure to abide by district policy and administrative regulations governing use of the district's system may result in the suspension and/or revocation of system access or other forms of discipline.
