Re: IAQ ANNUAL NOTIFICATION

IAQ Annual – July 2025

Report In accordance with Board Policy P7421 Indoor Air Quality Standards, and the statutes sited therein, the following actions were taken in accordance with Regulation R7421 for the school year 2024-2025:

- A preventive maintenance schedule for HVAC is in place
- Use of general and local exhaust ventilation is in place
- All HVAC systems are working properly
- All mechanical ventilation such as windows, doors, vents, stacks are operational
- All required IAQ procedures during renovation or painting were followed
- Employees were notified at least 24 hours in advance of work involving air contaminants such as paint
- All appropriate maintenance records have been maintained
